but so bad it seems to me

In an awfully good &
want me to visit you all in
Portville! I love the sound of
those hills. I wonder if I am
expecting a what, but I know
that some day, in some way,
something is coming to me from
the hills. I do not know what,
a message, an inspiration, a
word of comfort, a hope! -
Some day it will come - "I
will lift up my eyes unto the hills"
I will -
